## About the CED Network

The purpose of the Christian Economic Development (CED) Network is to create a community where Christ-centered organizations and individuals can share, learn, encourage, and support each other in our pursuits of transformational economic development.

We're motivated by Christ's love for us (1 John 3:1, 4:19-21), Christ's love for those in need (Psalm 113:7-8, Luke 4:17-19), and seeing His Kingdom flourish here on earth (Matthew 6:9-10). Our beliefs align with the Accord Network's Integral Mission Principles.

The annual CED Network Summit (*hosted this year by HOPE International*) is an opportunity to foster deepened collaboration and relationships among Christ-centered economic development practitioners.
